

IEEE ELECTRON DEVICES SOCIETY		
2009 EDS Region 9 MINICOLLOQUIUM		
Sábado 31 de octubre 2009		
NH Crillon Hotel Avda. Santa Fe 796. C1059AB0 Buenos Aires (Argentina) Tel. +54.11.43102000		
Salon Canciller Buenos Aires		
Inscripción gratuita en www.ieee.org.ar o info@ieee.org.ar		
PROGRAMA		
Bienvenida y Apertura	Jacobus Swart	9.00
Challenges and Potential of Silicon and Germanium for Future CMOS Devices	Cor Claeys	9.10
Recent Applications of the Lambert Function in Device Modeling	Adelmo Ortiz-Conde	10.10
COFFEE BREAK		11.10
Design, fabrication and applications of MEMS	Jacobus Swart	11.30
Design and microfabrication of smart sensors for niche applications	Edval Santos	12.30
Tiempo para el Almuerzo		13.30
Post-breakdown conduction in high-K dielectric films	Enrique Miranda	15.00
Semiconductor Wafer Bonding Technology for Device Integration	Paul Yu	16.00
