

UNSAM
UNIVERSIDAD
NACIONAL DE
SAN MARTÍN

INSTITUTO DE
INVESTIGACIÓN
E INGENIERÍA
AMBIENTAL

International postgraduate course: Nanobiotechnology **Universidad Nacional de La Plata, November 3 to 12, 2008.**

Lecturers:

Franck Boury (INSERM, France)

Humberto de Brandão, (EMBRAPA, Brazil).

Mathias Brust (Liverpool, UK)

Ernesto Calvo (UBA, Argentina)

Nelson Durán (UNICAMP, Brazil)

Mónica Mele (INIFTA-UNLP, Argentina)

Mônica C. de Oliveira (UFMG, Brazil)

Adriana R. Pohlmann (UFRGS, Brazil)

Félix Requejo (INIFTA, Argentina)

Roberto Salvarezza (INIFTA, Argentina)

Guillermo R. Castro* (CINDEFI-INIFTA)

Galo Soler-Illia* (CNEA, UNSAM)

*organizers

Invited Speakers:

Sara Aldabe-Bilmes, Bettina Córscico, Lisandro Falomir, Elizabeth Jares-Erijman, Valeria Levy, Anibal Lodeiro, Bruno Maggio, Lía Pietrasanta, Pablo Tomatis.

Topics:

Nanomaterials, Biomolecules, Biointerfaces, Self-Assembly, Membranes, Cells and Nanomaterials, Hybrid Materials, Substrate Patterning, Instrumentation, Analytical Methods, Fluorescence, Targeting and Drug Delivery, Applications (biosensors, bioelectronics, targeting, tagging, nanomembranes, microarrays), Nanotoxicology.

Registration by email to nanobioschool08@gmail.com before **Wed 22nd October**.

Please attach a short 2-page CV and a motivation letter.

Attendants applying for scholarships should add a reference letter from a supervisor, and copy to gsoler@cnea.gov.ar and grcastro@gmail.com.

Results will be communicated Oct. 27th.
